Proficient
Used on projects and in study

AutoCAD
Rhino
Grasshopper
Autodesk Forma
Lumion
Enscape
ComfyUI
Generative AI tools

Working knowledge
Used on selected tasks

Autodesk CFD
Adobe InDesign

LANGUAGES

Arabic (Native)
English (595 TOEFL)

WORK EXPERIENCE

Junior Architect | Vision Architects, Egypt
Oct 2025 - Present

- Concept master plans for large mixed-use developments.
- Space planning for office and bank buildings handed over as core and shell: layout of spaces, adjacencies and circulation.
- Interior and exterior visualizations with generative AI tools.
- Design and modelling in Revit, and landscape work on some projects.

Architecture Intern | Soor Engineering Bureau, Kuwait
June 2023 - Sep 2023 (4 Months) | July 2022 - Aug 2022 (2 Months)

- 2023: trained on the Kuwait Cancer Center (KCC) and Sabah Hospital projects, covering documentation, office administration support and site work.
- 2022: trained as a site engineer in Hessah District, a project under construction in Kuwait.

Architecture Intern | Al-Hani Group, Kuwait
Aug 2023 - Sep 2023 (1 Month)

- Trained on Shaheed Park, Phase III: landscape, theater design and finishing work.
